Minden Girl In Hospital Following Accident

Dorothy Ann Robinson, 7-year-old daughter of Mr. and Mrs. Ron Robinson of Minden, was seriously injured in an accident at Minden on Monday night.

The young girl was crossing the road toward the Minden Public School when she was struck by a half-ton truck driven by Verne Gartshore of Minden.

The Minden O.P.P. were called to the scene of the accident and the young girl was taken to the Minden Red Cross Hospital by ambulance. On arrival at the hospital it was learned that she had suffered a concussion, brush burns and her lower vertebrae is cracked.

At time of writing, we learn-

ed that Dorothy Ann is coming along nicely and we hope to see her out again very soon. She is still in the Minden hospital.

Expensive Beer

Douglas W. Goodhand, 19, of the Burnt River area, was fined \$10 and costs for illegal possession of liquor, when he appeared before Magistrate Ian Munro last Thursday.

The court was told that Goodhand was a passenger in a car stopped by Fenelon OPP April 10. A search of the car revealed one pint of beer in the front seat and one pint in the trunk.

Rumored As Candidate

Rumor hath it that Walter L. Hobden, a member of the Dysart Municipal Council, has decided to throw his hat into the ring in the event that Charles Lamb should resign as federal member for this riding.

Mr. Hobden is an active mem-

ber of the Young Progressive Conservative Association and is keenly interested in politics. We might add that he is a member of the Advisory Board of Highland Crest Senior Citizen's Home.

Local Masons Hear Speaker

Masons from North Entrance Lodge at Haliburton heard J. A. Irvine of London, Masonic Grand Master of the Grand Lodge of Canada in the Province of Ontario, discuss the principles of masonry and the high morals for which the order stands at a special reception at Bethel United Church last Friday.

Among the head table guests was Murray Agnew of Wilberforce, a member of the local lodge.

Lodges represented were Lindsay, Bobcaygeon, Cammington, Fenelon Falls, Beaverton, Woodville, Minden, Kimmount, Haliburton, Sunderland, Omeme, Kirkfield and Cobocok.

Lochlin Motorist Pays \$25 Fine

LINDSAY (ENS) — Byrnell Gilbert, 20, of Lochlin, was fined \$25 and costs for careless driving last Thursday despite a strong plea by defence counsel Mel Cunningham. The lawyer said the Crown had failed to establish a prima facie case against his client.

He said, although there was ample evidence before the court of an accident, there was no evidence of careless driving.

Ontario Provincial Police Constable C. G. Shepherd, of Fenelon Falls, said that a car owned by Gilbert was involved in a one-car accident at the junction of Highways 121 and 649 about 8:30 p.m. April 10.

He said Gilbert received multiple cuts and bruises. The officer estimated damage to the car at \$1,000.

Constable Shepherd said the vehicle ran off the road, rolling

over and came to rest in a ditch. Magistrate Ian Munro said it was obvious the car was out of control and ruled the Crown had established a prima facie case. (Peterborough Examiner)

Blitz In Minden

Minden Kinsmen are busily engaged trying to raise funds for a children's playground and one must agree that is a most worthy project.

The Minden Kinettes are going to do their share towards the campaign by conducting a one night blitz on Tuesday evening, May 18. It is hoped that this event will be worth the effort in order that the Minden children will have the kind of a playground they deserve.

Donations Comm. Visit Bracebridge

The Donations Committee of the Haliburton County Senior Citizen's Home spent a very interesting day in Bracebridge visiting "The Pines", the Senior Citizen's Home for the District of Muskoka.

Mr. Eiddle, the superintendent, spent the afternoon conducting a tour of the entire home. The ladies visited all the wards, the various sitting rooms, kitchens, laundry and store rooms, etc. Of great interest to the ladies was the beautiful chapel. The organ was donated by the family of the original landowners, whose house once stood on the very spot where the chapel was built. Mr. Eiddle said services were held every Sunday in the chapel, and that service was a highlight of the week for the residents. The men brushed up their Sunday suits and the women donned their flowered hats and off they go to church.

Another room which was most interesting was the Arts and Crafts department. Miss Harrington, a truly dedicated worker, spent a great deal of time showing the ladies what could be done to keep minds and hands occupied doing interesting crafts.

The ladies who visited "The Pines" were: Anson, Hindon & Minden - Mrs. Muriel Medley, Mrs. Grace Coburn, Mrs. Laura Kirkwood; Dysart Et Al - Mrs. Margaret Horsley, Mrs. Margaret Sisson; Lutterworth - Mrs. Reta Hodgkinson; Stanhope - Mrs. Mildred Archer.

Couple Quarts Too Much For Minden Area Driver

LINDSAY (ENS) — A Minden area father of three who told police soon after his arrest on a drunk driving charge: "I think I drank a couple of quarts," was fined \$100 and costs for impaired driving Monday.

Floyd Hie, 27, of R.R. 2, Minden, was ordered to serve a 15-day jail term in default of payment. His driving privileges were suspended for six months.

Crown Attorney Lorne Jordan agreed to the reduced charge after learning that two Crown witnesses had failed to appear.

Lindsay town police constable Jack Henley said the Hie car was westbound on Peel St. April 17 about 10 p.m. when it crashed into a parked car.

He described both cars as write-offs and said the Hie car landed on its roof.

Joseph O'Leary of R.R. 5, Lindsay, and Elizabeth McCrae of 41 Peel St., in the parked car, sustained minor injuries.

The officer said Hie, who was incoherent, smelled strongly of alcohol and was unsteady on his feet, told him "I think I drank a couple of quarts."

Constable Henley described Hie as, "like a wild man." His arms were flailing and he was struggling with persons at the scene.

"I don't know what two quarts you drank, but whatever you drank certainly made you into a changed man," said Magistrate Ian Munro.

(Peterborough Examiner)

Fire Hazards

Fire danger rating for the Lindsay district was high last week. Fires were extinguished at Cardiff Township near Highland Grove, Minden and Guilford Township. Also extinguished was a 60 acre fire in Snowdon Township near Irondale. Two smaller fires in Cardiff and West Guilford.

Anglican League Hold Banquet

The ladies of the Thursday Anglican Bowling League of Minden held their banquet in the Parish Hall Thursday, May 6 with Mrs. Walker saying grace. After the turkey dinner Vera Kernohan thanked all the ladies who had come out so willingly to bowl every week and also thanked the ladies serving the delicious dinner.

Officers elected for the next season are President - Olive Ward; Vice-President - Flo Booth; Secretary - Mamie Kellar; Treasurer - Lydia Coulter; Captains - Bea Harrison, Roberta Walker, Carole McKelvey, Mamie Swann, Diane Stevens and Doris Craig.

Awards went as follows: high average - Mamie Swann 182; High single - Gwen Cameron 320; High triple - Bea Harrison 747; in playoff, high single with handicap Jeanne Sears 311, and high triple with handicap Vera Kernohan 714.

High team of the year was composed of Bea Harrison, capt., Eleanor Walker, Doris Craig, Lorna Stubbs and Nellie King.

High playoff team in this league was Roberta Walker, capt., Mamie Swann, Minnie Low, Lucille Clarke and Lil Martin.

The Ogopogo Trophy went for a second year to Bea Harrison for high triple.

The Floyd Hall Trophy, second in church league playoffs, went to team of Olive Ward, Vera Kernohan, Eleanor Walker, Doris Craig, Lorna Stubbs and Etta McMullen.

Following the election and presentations all adjourned to the Church Hall where Mollie Locke entertained us with several sketches and card games were played. Winners were: for euchre Flo Hewitt and Sara Schrikkema, and for cribbage Jeanne Sears and Helen Cox.

As someone said, "What a fine way to make money for the church and enjoy bowling."

HALIBURTON NEWS LETTER . . .

At the hearing of the Liquor License Board held in Peterborough on Tuesday, the board reserved decision in 15 cases, which we understand included five from Dysart Township. No opposition was offered pertaining to the local applications.

The ice went out of Head Lake, Haliburton on Monday, May 3rd, somewhat later than last year when the lake was clear of ice on April 16th.

Norine Walsh, a former Hal-

iburton girl who is now Mrs. Joe Williams, seems to be doing right well in the business world.

Norine and Joe own and operate Sunnyholme Motel Court at 3034 Lundy's Lane, Niagara Falls, and those who have stayed overnight there say that they have a fine set up. They have 14 motel units and 15 overnight cabins. Free T.V., heated pool, a restaurant and a modern kitchen for those wishing to prepare their meals all contribute in making this an attractive place to stay. While this motel court is only a short distance from

the falls, it is far enough away that one is not bothered by the noise.

Last week-end was apparently the opening season. An exceptionally large number of cottagers took the opportunity to get back to their summer homes and they were favoured with excellent weather conditions. One businessman said that his take in on Saturday was as great as the one preceeding the May 24th holiday last year. All in all it looks like a bumper year in the Highlands of Haliburton.

SKATING

One thing that Haliburton never lacked in those early days was a good supply of snow. Lovely clean snow that we melted in our kitchens to make soft water for the weekly wash. Of course there was always a January thaw, but rarely was there a time that we couldn't sleigh ride. Skating was something else again.

To begin with, a sleigh was a necessity - skates were a luxury. But sooner or later, everyone with a yearning to skate could do so. The skates might be battered or rusty, but they were good steel, and they could be sharpened.

Learning to skate however was a different matter. Some took to it at once, others spent long agonizing hours trying to brace wobbly ankles, or even standing up at all. Some even carried chairs to the rink to push ahead of themselves as they learned the trick of standing up on skates. But sooner or later everybody learned to skate after a fashion graceful or otherwise. And then came properly supported boots with the skates fastened right on to them. Here was luxury indeed!

There were always enough energetic people to shovel a space on the lake, and for a good many winters that was the only rink available. But many happy hours were spent there by young and old alike. The more one skated, the more grew the desire to skate; the more skilled the boys became in handling their hockey sticks, the more interest their elders took in the game.

The first covered rink was across from the school and fell

down with a loud crash one afternoon during school hours. I hope to tell you more of this later. Two years after this, Charlie Thayer had the bright idea, why not build a covered rink down by the river. This he did and it was a great success, and was in existence for twenty years till 1926 when it was condemned. He kept it flooded from a barrel on a sleigh and he got the water from the little creek that flowed through what we called the "Comons". Music for skating was supplied by an old gramophone with a huge horn which reached out into the rink from a shelf in the girl's dressing room. He had a number of records but "Skaters' Waltz" was the favourite. Along with the admission fee went Charlie's kind patient help in tightening straps, teaching beginners and rescuing the fallen. The young people of Haliburton owed a lot to Charlie Thayer. In the summer time (according to my sister Phyllis McGrath in Kinmount), it was a bowling alley. But the pins were shaped like heads! Girls didn't bowl in those days, or she would have given it a try.

MAPLE LAKE

(Intended for Last Week)

Mr. and Mrs. Verl Fader are spending the week-end in Toronto.

Mrs. Ethel Fader is in Lindsay for a few weeks.

Mr. Fred Griffin is now home from Toronto.

Several homes have been reported broken into and the S.S. No. 5 School, Lower Maple Lake had to be closed Monday for repairs as seventeen window panes had been broken over the week-end.

Mrs. Tom Welch is in St. Margaret's Hospital in Toronto for further treatments.

The Recreation Club entertained the Hockey Club and helpers at a turkey supper on Saturday night, and during the evening teen time was enjoyed by the junior citizens.

The ice is still in Maple Lake but looks black and shaky. Another week, maybe.

Mrs. Charles McPhail spent a few days with children in Oshawa last week.

Mr. and Mrs. Stewart Dawson are busily engaged redecorating "White Bear Cottage". An added attraction to our summer visitors.

To those who do not know where the local garbage dump is located, you will find it on Highway 530 near Carnarvon. "Please help keep our roadside clean!"

Mr. and Mrs. Claude Fader and children of Lindsay visited with relatives over the week-end.

Mr. and Mrs. James Packard and Mrs. Mabel Bacon and children visited in Harcourt last Sunday.

Several large flocks of wild geese have been passing over our district during the week-end, and some attempts have been made to land.

The Recreation Club met at the home of Mrs. Margaret Horsley on Monday afternoon.

SUGAR AND SPICE

DAY OF ALL DAYS

There are certain ancient and honorable rituals in our society which help to give our lives a certain continuity. Many of them are geared to the seasons: spring cleaning; summer 'flu; the burning of the leaves, getting stoned out of your skull on New Year's Eve.

One of the most sacred of these, for some of us, is Opening Day of the trout season.

Slap of a beaver tail; chuckle of running water; splatter of wild duck taking off from swamp; feel of the sun on face; mist of green spreading through bare bones of branches; honest stench of worm-guts on hands; flavor at noon of big bologna sandwich with hot mustard; these are the things which quicken the senses, cleanse the body of its winter stupor, remind one that God is still in His heaven.

And these are some of the reasons I have never missed the rite, whether the mortgage is due, or my wife is having a baby, or I have a date with Sophia Loren.

And I hope to do so until the day when they have to carry me to a quiet spot on the stream and leave me there in my wheelchair, to watch the black water swirl around the white rock, the yellow sun pick up the golden gravel of the stream-bottom.

Each year the ritual is the same. And each year it is different. There is the year when you fall off a log in the first three minutes, and squish and squelch yourself through the rest of the day, a sodden mess, wet fags, wet matches, soaked sandwiches.

And there is the year when you hit the stream at the crack of dawn, fish with all your skill until sunset, and come home with two speckled trout eight inches long. And there is the year when you go out at 7.30 a.m., just to toss a line for old times sake, and have caught your limit before work-time at 9 a.m.

And there's the year when your bait-can falls from your belt into a torrent, and you snap the tip off your rod, and put a hole in your new waders, and get back to the car to find a flat tire, and get home to find your wife calling the police, because it's four hours after sundown.

But this year topped them all. It was complicated. Our high school music director, with incredible lack of foresight, had scheduled an exchange concert, with a city school, for that very day. Fine. But it turned out we had to have some of the visiting youngsters for dinner. As my wife is away every Saturday, for music lessons with the kids, this meant I was cook.

Normally, I'd have welcomed a chance to display my culinary skill. In fact, I had the menu planned. Beef stew simmered in beer, followed by a sour cream soufflé, roast chestnuts and peppermint lifesavers as dessert. Then I realized it was Opening Day.

I was aghast. Wanted to be a good host but dangled if I was going to miss the rites of spring. Then it struck me. Why not give these city kids, pampered for years on steaks and chicken, a real north-country dinner — speckled trout, lovingly fried in butter? They'd never forget it.

With a light heart, I hit for the trout stream on Opening Day. Everything was perfect. It was a fine day, and I knew there were at least 47 big speckles in there, just waiting to hit that butter.

Got home at 4.30 p.m. with two six-inch chub and a 14-inch sucker. Went to the fish market. They had nothing but some fairly large whitefish, which somehow didn't look like speckled trout. Called all my friends. They had either been skunked, like me, or stated flatly, "The hell with you, Smiley; we're putting on a big speckled trout dinner for those visiting musicians; feeding four of them." Bought two pounds of hamburger. You know, there are times when my love for my wife is overwhelming. When I arrived at the house at 5.30, she was grilling steaks in the oven.

John Barras Walker Speaks To Rotary

The village of Haliburton is fortunate in having a Camera Club, said John Barras Walker, Photography Editor of the Toronto Telegram, who addressed the Haliburton Rotary Club recently.

Mr. Walker, speaking on the subject of "Camera Clubs", said that a Camera Club can make a great contribution to any community. The speaker went on to say that a community must promote new avenues to advertise and a Camera Club is one place to start. This can be done by sending out a short film or slide set to other service clubs, Camera Clubs, etc. By doing this, the speaker told us that we can receive more in promotion than advertising in magazines or newspapers.

The speaker said in his opinion the Highlands of Haliburton is very poorly advertised and in all his travels the name of Haliburton only came up once or twice.

He told the Rotary Club members that in taking pictures always keep away from main street pictures and always remember that in taking good pictures always put plenty of time into research.

HALIBURTON

Mr. and Mrs. Lloyd Whittaker of Toronto were visitors here last week.

Mr. Bill Bannon of Toronto was a visitor to his home here over the week-end.

"The Story Of The Quilt"

(Continued from Last Week)

It is said, however, that one, Mary Jane, the daughter of a Sea Captain, flew in the teeth of convention. The Captain, about to depart on a long sea voyage, drew a nautical design and told his young daughter if she would make a quilt after this pattern, he would bring her a silk dress from China. Mary Jane made the quilt, but onto her father's masculine design she defiantly scattered hearts — her own idea of what the pattern needed. In Mary Jane's case the jinx failed to work, for history says she was married before the Captain's return, and lived happily ever after.

During the 1840's and 50's there was a fashion for making Autographed Quilts. Each block was made by the person who signed it, using her own preference as to color, size, material and pattern. Made with varying degrees of skill, the result was often one of confused design and inharmonious colors, but such quilts were held in high sentiment by the recipients. Many were well done, and because of names and dates, acquired historic and family importance.

Eighteenth century designs rarely had individual names, but hundreds of fantastic titles were given to those patterns which became so popular later. The names reflected political enthusiasms, regional folklore, and religious feelings. These were subject to change as the quilt-makers migrated to the new land, or as current events captured the imagination.

Although women did not enjoy suffrage at that date, they were nevertheless aware of and

alert to the political issues of their day. This found expression in their quilts.

Although the urgency is now past, the art of quilt-making is still being carried on, but the modern woman who wishes she could make a quilt need not view the project with misgivings. The task today is neither arduous nor necessarily lengthy.

Unlike her great grandmother, she need not raise sheep, grow and break flax, spin yarn, gather herbs, wrestle with a dye bath. All that is required is a knowledge of plain sewing, neatness, and a good eye for pattern and color.

Like her grandmother, she may still work into it the symbols of her hopes for a happy and peaceful life in a bountiful land.

STRIKING DESIGN of the Ontario Centennial Centre of Science and Technology—the province's official project to mark Canada's 100th birthday—is accented by the 250-foot tubular walkway that will join the reception building (right) with the triangular core building (centre). On the valley floor (foreground) are the main exhibit halls. The site is a dramatic one at the edge of the Don Valley ravine,

just west of Don Mills Road and just south of Eglinton Avenue at the geographical hub of Metro Toronto. It is handy to the Macdonald-Cartier Freeway (highway 401) and to the Don Valley Parkway, increasing its accessibility for all Ontarians. Cabinet Minister responsible for the project is the Hon. James A. C. Auld, Minister of Tourism and Information. Architect is Raymond Moriyama.

IN MEMORIAM

WEBB — In loving memory of a dear husband and father, David Austin Webb, who passed away May 1, 1955. A silent thought, a secret tear, Keeps his memory ever near; Time takes away the edge of grief, But memory turns back every leaf. —Sadly missed by wife Addie and Family.

MILLER — In loving memory of our dear father and grandfather, Milton Miller, who passed away May 12, 1959. When evening shades are falling, And we sit in quiet alone; To our hearts comes a longing, If he only could come home. So many things have happened, Dear Dad, since you were called away; We wish that you could share with us, Our little family to-day. —Ever remembered by son Ray, Fernie, Laurie and Scott.

CHURCH NEWS

UNIT ONE U.C.W.

The regular monthly meeting of Unit One U.C.W. was held at the home of Mrs. H. Black on May 3rd with 12 members and four visitors present.

The meeting opened with the Call to Worship and prayer by Leader Mrs. Black.

Mrs. A. Kaye very ably conducted the worship portion of the meeting. Mrs. Kaye spoke on Faith and chose scripture readings from the 11th chapter of John and the 11th chapter of Hebrews to emphasize her topic. Guest speaker of the evening was Mrs. Noel McNeill of the Gospel Lighthouse, who told the story of her life. This was a most inspiring story and was appreciated by all present. Mrs. Black warmly thanked Mrs. McNeill for her kindness.

The Committee Convenors gave their monthly reports and a committee was set up to arrange a tea to be held in early summer. Mrs. R. Johnston offered her home for the June meeting.

The meeting closed with prayer by Mrs. Black, followed by a social half hour.

UNIT TWO U.C.W.

Mrs. Alvin Walling entertained Unit Two U.C.W. at her home on May 3rd with a good attendance present.

In the absence of our Leader Mrs. M. McKnight, Mrs. W. Baker, Vice President, presided and opened the meeting with prayer.

Mrs. A. Walling chose the theme "The Good Shepherd" for the Worship Service, assisted by Mrs. T. Chambers and Mrs. J. Mackay.

Mrs. J. Robertson spoke on "Being a Christian in Brazil" and the different missionaries stationed in Brazil.

The next meeting will be held at the home of Mrs. J. Robertson Tuesday evening, June 1st.

The meeting closed with the Hymn Prayer. Lunch was served, bringing a very pleasant evening to a close.

A Birthday To Remember

This is a time of major anniversaries for some important institutions in our midst. And the fairs, festivals and ceremony that go with anniversary celebrations reassure those who yearn for the "good old days" that many of the best things in our society are permanent and changeless.

Among the most respected and loved world-wide organizations is The Salvation Army, which this year observes a century of service to God and man.

For most of us, recollections of the Army's banners and bonnets, street corner carolers and brass bands, date back to our first remembered Christmas, when The Salvation Army was a familiar, friendly part of the festive scene. We all knew its blue-uniformed officers too, and probably thought of them as kindly innocents, gentle but firm in their conviction that none falls so low that he cannot be saved by compassionate help and guidance.

But there's another side to The Salvation Army. The clue to its effectiveness is found in its military organization. These Salvation Army people are fighters! They never give up, and the most menial task assigned them is given a devotion that is the mark of the finest kind of soldier. Certainly only a strong sense of purpose and an exhilarating determination could account for the amazing growth of this unique Army in just 100 years.

The career of its founder the

first "General," William Booth, reveals a life pattern strikingly similar to that of history's greatest fighting leaders, "do-ers" and original thinkers. He knew adversity and opposition for most of his years. This good man was a bit stern, a bit irascible and to some egotistical — but a born leader. In Victorian England where poverty itself was thought of as something of a crime, and an irremedial one at that, Booth brought religion to the slums, preached the Gospel on any convenient street corner and brought down upon himself and his followers the jeers and scorn of "respectable" persons and of established church leaders as well as thoughtless liquor dealers. But it also brought him loyal converts to his cause and as he claimed, "to the Christ, I serve". The Salvation Army they called themselves — and the "soup, soup and salvation" people as others called them — battled to bring physical and spiritual comfort to the neglected poor. Booth originally planned to inspire his audience to return to their own Churches, but when he discovered that his ragged followers were unwelcome in the respectable, orthodox churches, he promptly declared that he would bring the church to them. He set up his pulpit anywhere and everywhere — in or out of doors, under a canvas tent or in a saloon and, along with the first Salvation Army brass bands and singers full of vigor and rhythm, he inspired his audiences to try again for dignity and decency of life.

"FOR LAND'S SAKE, DROP IN"

No wheels! Toro's new Flymo handles like no other mower can... because it floats on air. A light push and Toro's Flymo floats across lawns. It goes where you want it to go. Side to side. Straight ahead. It's as safe and easy to use on hills as it is on level lawns. No discharge chute —clippings and debris are deflected downward into the grass beneath the housing.

Flymo cuts a 19" swath, and features a fast starting 2½ hp engine. FLOATS ON AIR. A whirling impeller spins a ring of air that supports the Flymo only ¼" above the ground. Height of cut is easily adjusted for ½, 1 and 1½ inches.

LETTERS to the EDITOR

Box 24, Wilberforce, Ont.,
Dear Editor:

On Friday, April 1st, 1965 at the Community Centre here at Wilberforce, the Board of Health were getting ready to inoculate all pets such as dogs, cats and other such pets fearing the spread of rabies to be on the increase.

This looks like a yearly case of having all pets inoculated, and by the appearance of some of the people, they do not like to see their pets getting shots, wondering if it is going to hurt them. No, it won't hurt them, not kill them, nevertheless, it is not a pleasant thing.

Dogs do not come in contact with animals that have already contacted this awful disease, only on a few occasions. The source of this disease is the place where they pick up their food. And that place is none other than the Garbage Disposal Dump, and if something is not done to rid such a place, which is nothing more than a filthy contaminated poisonous place for dogs to visit. It is not that dogs are hungry, only it is their nature and of all animals alike.

Do dogs really go there? The answer is YES. Cats, dogs, crows and coons and others have been seen staggering around the dump, too sick to run away. They have already lost the fear of anything, owing to sickness coming on. It is the same with all animals when sickness comes on, they lose all fear. The outcome, they crawl away and die.

Garbage disposal is a place to get rid of things such as carton boxes, in fact anything that will burn, but not such things as contaminated foods, nor can foods that can be disposed of in one's back yard. Nobody has that much food that will become

spoiled, that can be burned instead of putting it where animals can get it.

Dig a hole, and a little oil poured on it will do the job. Let's try and do something about this awful condition. Let us all help to find a better way than the present one.

Please try!

Bill Johnston Receives Diploma

Over 300 apprentices in the Motor Vehicle Repair Trade received their diplomas at graduation exercises held recently at the Provincial Institute of Automotive and Allied Trades, 25 Wellesley Street, Toronto.

The Ontario Department of Labour presented specially inscribed plaques commemorating their achievements to thirteen of the young men, all of whom graduated at the top of their respective classes.

Among those who received plaques was Bill Johnston of Haliburton who is employed by Curry Motors Limited.

Under the Apprenticeship Program of the Ontario Department of Labour apprentices in the Motor Vehicle Repair Trade are required to serve a five year apprenticeship while Body and Fender Repair Trade apprentices serve four years. Both apprenticeships include classroom instruction courses which cover shopwork, theory and related subjects, at the Provincial Institutes of Automotive and Allied Trades arranged in conjunction with the Ontario Department of Education.

Wedding Of Local Interest

BROUGHTON — LAMB

A very pretty marriage took place on Saturday, April 24 in Wilfrid United Church, Wilfrid. The church was decorated with white mums, daisies and pink snap dragons when Carol Christina Lamb, R.N., daughter of Mrs. Fred Lamb and the late Mr. Fred Lamb of Cannington, Ontario was united in marriage to Mr. Wayne Darrell Broughton, O.P.P., of Cayuga, the son of Mr. and Mrs. Melville Broughton of Wilberforce, Ontario. Officiating clergyman was Rev. Ron McCaw.

Given in marriage by her brother Mr. Ted Lamb, the bride looked radiant in a gown of full length peau de soie, sheath with attached train of same length, three quarter length sleeves, round neck and V back with headdress of two storey crown of pearls and sequins and held a finger tip veil and carried a bouquet of red roses, white mums and daisies.

The matron of honour was Mrs. Richard Hofrichter of Cayuga, a friend of the bride. Bridesmaids were Mrs. Gene Connolly of Cookville and Miss Lois Taylor of Cannington, a niece of the bride.

All were gowned alike in blue peau de soie and street length full skirts which matched the bride's gown with three quarter length sleeves and their head-

dresses were of same colour as dresses, bandeau with pleated veil at back. They carried bouquets of pink roses, white mums and daisies.

The best man was Mr. Richard Hofrichter, O.P.P. of Cayuga. Ushers were Mr. Peter Wood, O.P.P. and Mr. Don James, O.P.P., of Cayuga.

The soloist was Mr. Hugh Baird of Blackwater who during the signing of the register sang "O Perfect Love" and the "Wedding Prayer". He was accompanied at the organ by Mr. Clarian Baker of Stouffville, Ontario.

The reception was held at Wilfrid Hall with the bride's mother receiving wearing a two piece blue crepe dress with accessories of black with white gloves and corsage of pink roses. The bridegroom's mother was in gold and white of bouche with turban hat of golden and green with white gloves with corsage of pink roses.

At the conclusion of the reception, the happy couple left for Honeymoon Highway, Kresgeville, Penn., U.S.A.

For travelling the bride wore a two piece blue acrilon lace suit with navy accessories. On their return the newlyweds will reside in Cayuga, Ontario.

Dr. Agnes L. Jamieson, "Four Winds", Atherley, formerly of Minden, has returned home after spending a vacation with Mr. and Mrs. Richard Kirkwood at "Laurdie".

What Dysart Council Did

(Continued from Page One)

passing of minutes of the previous meeting, General accounts amounting to \$10,332.74 were duly passed as were Welfare accounts which amounted to \$845.10.

Council decided to sell the old doors from the municipal garage to Jack Young for a stated price of \$75.00.

A by-law was given the necessary readings and finally passed which will give the municipality power to license nursing homes within the municipality.

It would appear the council are getting nowhere in their efforts to obtain a right of way across Lot 30, Con. 5, Guilford for road construction. Apparently land valuers consider the land to be worth approximately \$500.00 and the owner on the other hand values it at \$3,000.00 so expropriation proceedings will likely be the next step.

A representative from Suncoo Developments, Harcourt Park, spoke to council with regard to the state of the Kennaway road leading into the park, but as this portion of the road leads to a private road with a gate on it, council are not too enthusiastic about spending public funds on said right of way. When this development was inaugurated the idea was that it would be private in every way with no public access to the lake whatever, and various steps were taken to get around the subdivision control by-law which were successful, but council is apparently sticking to the custom of refusing to spend money on a road leading to a dead end.

During the afternoon session deputation of Don Iles, Dr. Hicks, William Emmerson, Kenneth Wilson, Curry Bishop and Ronald J. Curry representing the Haliburton Rotary Club, approached council regarding the matter of having a cement floor laid in the arena. The members of the deputation felt that we have a beautiful building and it would be a shame not to have it equipped with a cement floor, which would make the ice surface space available for year round activities. The deputation stated that they would make a donation of \$2500.00 toward this project. It was estimated that the cost of such an undertaking would be around \$5600.00, but after much discussion council agreed with the members of Rotary that it would certainly be of great advantage to have the cement floor, and decided to seek permission from the municipal board to borrow sufficient funds from the Electric Light Fund to secure the balance of funds necessary to complete the project.
